

UNIVERSITY OF CALIFORNIA, SANTA BARBARA

Open Level (Assistant, Associate, or Full) Professor in Materials

The Materials Department in the College of Engineering at the University of California, Santa Barbara, is seeking applications for a tenured or tenure-track faculty position in the broad area of Electronic, Optoelectronic or Quantum Materials. The position may be at the Assistant, Associate or Full Professor level.

Candidates should demonstrate the ability to develop a leading research program in experimental materials science, with primary consideration on the synthesis, processing or characterization of Electronic, Optoelectronic or Quantum Materials that exhibit new functionality or physical behavior with the potential for technological application. It is expected that the candidate would demonstrate potential for integrative and collaborative research with the broader Materials community at UCSB, which has a longstanding reputation for collaborative research in advanced materials.

Appointment would be effective July 1, 2020 or later. Applicants must have a Ph.D. or equivalent in Materials Science, Electrical Engineering, Physics, or a related field at the time of application.

Applications consisting of a curriculum vitae, brief statements of teaching philosophy, and research interests (3-page-limit each) must be submitted. Applications at the Assistant Professor level should also provide contact information for 3-4 references. Please submit all application materials online via UC Recruit at:

<https://recruit.ap.ucsb.edu/apply/JPF01665>

Please apply by January 22, 2020 for primary consideration; however, the position will remain open until filled.

The Materials department is especially interested in candidates who can contribute to the diversity and excellence of the academic community through research, teaching, professional visibility and service.

The University of California is an Equal Opportunity/Affirmative Action Employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability status, protected veteran status, or any other characteristic protected by law.
